RUTLAND TOWN SCHOOL DISTRICT
REPORT OF THE SCHOOL DIRECTORS
AND SUPERINTENDENT

Your Directors and Superintendent of Schools, at the close of the last school year inspected the school buildings and determined the amount of work necessary to be done in order to maintain the buildings in satisfactory condition for the next school year. There follows a report of the work which was done.

Center Rutland School

All classrooms were thoroughly cleaned, the floors reconditioned, classroom doors were changed so as to swing out, window shades were replaced where necessary, blackboards were refinished, also desks were refinished, the outside back stairs and landing were painted, also the toilet rooms and some other miscellaneous items. The slate roof was repaired and the play yard was filled where necessary because of washing away.

Dyer School

All floors were sealed and cleaned, woodwork and windows thoroughly washed, the North and West sides of the building and the tower were painted, the outside door was replaced and it and one classroom door were rehung so as to swing out. Alterations were made in the kitchen, blackboards were refinished, also desks, and the basement floor was painted. Storm windows were replaced and the drain from eaves was corrected.

Haiti School

All woodwork and windows were thoroughly cleaned, floors cleaned and sealed, desks refinished, roof repaired where needed, the outside front and west sides were painted, replaced the linoleum in the kitchen and altered the electrical system in the basement to meet the demands.

Cheney Hill School

General cleaning of woodwork and windows, all wood floors cleaned and resealed, the basement floor was painted and the blackboards were refinished.

In addition to the foregoing, five new Hotpoint refrigerators were purchased and installed, two at Center Rutland and one in each of the other schools. Two teachers' desks and three teachers' chairs were purchased and placed where most needed. All heating equipment was inspected and repaired where needed. Flag poles were inspected and changed where necessary. All school yards were cleaned and grass mowed where necessary.

The basement at Center Rutland school was re-wired and new light fixtures installed, plus additional wall outlets added in the classrooms and furnace room. Additional fire extinguishers were purchased and the present ones were refilled.

On November 10th, during the week that all schools observed American Education Week, special appropriate exercises were held at each of the schools. The School Board presented to each school a new 49 star flag which had been flown over the capitol of the United States.

Other school activities follow:

Center Rutland School: The students, through participation in such activities as the Student Government Association, Student Council, School Safety Patrol, and the School Lunch Program, have learned to develop leadership, respect authority, and to accept responsibility. Other activities include work in glee club, dramatics, music festival, school paper, holiday observances, the state sponsored forest essay and the soil conservation essay. The members of the P.T.A. have very generously volunteered much time and assistance at health clinics, giving eye and ear tests, helping with the hot lunch program, sponsoring parties for School Safety Patrol members, Christmas party, and the end-of-year picnic. The P.T.A. also provides corsages and boutonnieres for the eighth grade graduates.

Dyer School: The Dyer School Parents' Club has sponsored the school lunch programs, weekly card parties, and the annual school picnic at Lake Dunmore. The seventh and eighth grades visited the Vermont State Legislature and other points of interest in Montpelier last March. A capacity audience of 108 parents and friends enjoyed the annual music festival held in May. The children sang and danced to old fashioned polkas as well as present day classics. 92% of the students took advantage of the school savings plan which has been both financially and educationally valuable. In the year 1959, the sum of \$158.00 was added to the school savings.

Haiti School: A Health Clinic for pre-school children was sponsored by the Haiti Community Club in June and the health committee assisted the school nurse in giving eye and ear examinations in the fall. Parents worked together last spring for new playground equipment. The third grade joined Cheney Hill students for a field trip to the library, fire station and post office. Special programs were held throughout the year and the annual family picnic was held in June.

Cheney Hill School: Special programs were held for various events during the year, such as Halloween, Veteran's Day, Christmas, Valentine's day and music festival. The third grade went on a field trip to the Rutland Library, the Post Office and the fire station. The annual school picnic was held in June. The school lunch program started in November and the P.T.A. conducted one series of card parties to benefit the lunch program.

The office of the Rutland-Fair Haven Supervisory District superintendent of schools has been located for 26 years in the Fair Haven Graded School. As of August 1, 1959 it was transferred to the former Fair Haven High School building, now converted into a municipal office structure and fire station. The supervisory district comprises the four towns; Castleton Fair, Haven, Proctor, and Rutland Town.

A tabulation of future enrollments, estimated from including pre-school children in the annual census, is given below. An effort is being made to use these figures to determine when additional classroom space may be required as well as to plan the allocation of children to their particular classrooms in any of the four school buildings.

Information of a statistical nature will be found in accompanying tables having to do with finances, school enrollment, 5 year average cost per pupil, average daily attendance, lists of eighth grade graduates and teachers and their remunerations.

The expense of maintaining our school buildings, the employment of competent teachers, the providing of necessary transportation, the paying of tuition for higher education as well as providing heat and all other items has steadily increased for many years. A comparison of the costs for the school year 1960-61 with the year 1950-51 is of interest. The budget for 1950-51 was \$45,500 and for 1960-61 will be \$106,180. The present cost is about 2 1/3 times that of ten years ago. During the past ten years our Grand List has increased about 20%. Note breakdown of school expense under school budget for 1960-61.

To maintain our present school system for the grades and to pay tuition for the students attending high schools it is requested and recommended that a tax of \$3.30 be voted. We do receive a considerable amount of state aid, however, it is well to keep in mind that the fund for state aid to schools is secured through other methods of taxing the citizens of the state.

We express our appreciation to the P.T.A. associations at Cheney Hill and Center Rutland, the Haiti Community Club and the Parents' Club of the Dyer section, to the teachers for their efficient and generous services rendered and to all others who in any way have contributed to the successful operation of our schools.

Respectfully submitted,

ALVA T. HOWE,

ANNA Y. BIRCHARD,

MYRON J. BEEBE,

School Directors.

FRANK O. STILES,

Superintendent.

†One-half paid by the town or city unless family is non-settled.

REPORT OF THE VERMONT STATE DEPARTMENT OF HEALTH 1959

The health of the town of Rutland is the concern of its citizens, its doctors, health officer, selectmen and the State Department of Health.

Through its various programs the State Department of Health staff works with and for local people on community health, operating on both local and state levels. This letter is a report of the State Health Department services and programs your town used.

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 72 children. Nutrition and dietary consultations numbered 1. 3 received hospital diagnosis, 5 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and 1 was given financial aid toward hospitalization costs. Mental retardation clinic services were extended to 6 children.

In the effort to control communicable disease 3 persons received chest X-rays; 114 children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 43 children and adults. The State Laboratory performed tests on 22 water samples and 24 blood specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 35 sanitary inspections or consultations made at the town's food and lodging places and 20 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation.

Mental health services, through guidance clinics, educational meetings or consultations, were received by 1 person and group. Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 1. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available. A health educator is available to help town groups study their health problems and plan educational programs.

The Public Health nurse, with headquarters in Rutland City, served at well-child and school conferences, X-ray and immunization clinics, assisted by local people. She visited homes, doctors and agencies, making 116 visits on behalf of 12 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,

Commissioner of Health.
